## Education

### University of Western Ontario

Bachelor of Science in Computer Science | *GPA: 3.5, Dean's Honor List*

Sep 2023 – Apr 2027

London, ON

## Experience

### Lamina Solutions

Research & UI/UX Design Intern

June 2025 – Aug 2025

Toronto, ON (Remote)

- Improved task completion speed by 30% through redesigned user flows and interactive **Figma** prototypes.
- Created storyboards and wireframes for new projects, improving team alignment.
- Performed **competitor analysis** and assessed **development-time tradeoffs** to support product decisions.

## Projects

### Muscl3 — 3D Muscle Explorer | *React, TypeScript, Three.js, Supabase*

Jun 2025

- Co-developed an interactive 3D web app that visualizes muscle groups and recommended workouts, enhancing user engagement by 25%.
- Implemented cloud-based storage and live workout data retrieval with **Supabase**, improving responsiveness and supporting more workout entries with no performance loss.

### Secruity — Old Devices as Security Cameras | *Next.js, TypeScript, Cloudflare Tunnels, Gemini API*

Nov 2025

- Co-developed a self-hosted security system that repurposes unused devices into real-time WebRTC video streams using **Cloudflare Tunnels**, locally storing captures.
- Implemented **multi-route Gemini pipelines** to add optional AI features such as **people-count detection** and real-time activity summaries.
- Designed a dashboard supporting **up to 6 encrypted feeds** with a toggle for single-camera or multi-camera viewing.

### Personal Cloud & Server Deployment | *Linux, Tailscale, Filebrowser, Git*

Ongoing

- Configured a secure home server using **Tailscale VPN** for private remote access and self-hosted cloud storage.
- Set up **Filebrowser** and **Git** for automated backups, syncing, and multi-device version control.
- Reduced idle power usage by 80% by optimizing **Arch Linux** with lightweight background services.

### SmartCart — Overhaul Hackathon (3rd Place) | *React, TypeScript*

Feb 2025

- Created an accessible grocery checkout system featuring voice commands, magnification, and child-friendly modes.
- Contributed UI/UX flows, accessibility logic, and frontend implementation in a team of 4.

### Pet Care Desktop App (Course Project) | *Java, Maven, JavaFX*

Jan 2025 – Apr 2025

- Built a desktop pet care game in a 4-member team.
- Contributed to wireframing, class design, and core gameplay modules, resulting in a **98%** project grade.

## Technical Skills

**Languages:** JavaScript, TypeScript, Python, C, C++, Java, HTML/CSS

**Frameworks/Tech:** React, Next.js, Three.js, Vite, Tailwind CSS, Supabase, API Integration (REST & AI/LLM)

**Tools/Systems:** Git, GitHub, GitLab, Figma, Cursor, GNU/Linux, Cloudflare Tunnels

## Leadership / Extracurricular

### Etobicoke Humane Society

Jul 2022 – Dec 2022

Volunteer

Toronto, Canada

- Maintained animal health records using **Microsoft Excel** and **OneDrive**, supporting efficient care for 20+ pets.
- Assisted adoption events and provided animal care support.

### Stonegate CHC

Jun 2024 – Aug 2024

Camp Counselor & Promotions Assistant

Toronto, Canada

- Supervised daily activities for 25+ children, ensuring a safe and positive program environment.
- Designed digital flyers and posters in **Canva** to promote community events, helping boost turnout.
